Re: SUPPLEMENTAL FILING
WC Docket No. 07-161; In the Matter of the Joint Application of
Citizens Communications Company ("Transferee") and Country Road
Communications, LLC ("Transferor") For Approval of the Grant of
Authority Pursuant to Section 214 of the Communications Act of 1934,
as amended, for Approval of a Transfer of Control

Dear Ms. Dortch:

Pursuant to FCC staff request, the filing parties seek to clarify two items in the above-referenced application. First, Evans Telephone Holdings, Inc. owns 100% of the stock of Global Valley Networks, Inc., and GVN Services. It is, itself, owned 100% by Country Road Communications, LLC. Evans Telephone Holdings, Inc. is a holding company and does not provide telecommunications services of any kind. It is a Delaware corporation located at 1500 Mt. Kemble Avenue, Suite 203, Morristown, New Jersey 07960. Second, Citizens subsidiaries are not providing competitive dial tone services in California. Citizen's subsidiary, Frontier Communications of America, Inc., is authorized by the California Public Utilities Commission to provide CLEC services but is not providing competitive dial tone services. Frontier Communications of America has obtained numbering resources from NANPA and provides switching feature functionality to enable customers to route and transfer calls between their CMRS service and Citizens Telecommunications Company of California, Inc. ILEC service territory in the Elk Grove, California area.
